550-600€ +10%

Depart from Florence and we also offer a personal service of “door to door”.

From Florence we will travel to the scenic seaside village of Portovenere. From here you can take a ferry boat (15 mins) to the first 5 Terre village of Riomaggiore. Spend 30 mins to look around and then walk along the cliffs through the path of love (if the path is restored) to reach the next village, Manarola (20 mins).

Spend another 30 mins visiting this village and then go by train (10 mins journey) to the next village, Vernazza. Here stop for lunch in a typical restaurant overlooking the quaint harbour. After lunch get the next train to Monterosso and explore the village for 30 mins.

Time permitting, you can also visit Corniglia which is situated between Vernazza and Monterosso but it is the most difficult to reach as there are many steps and perhaps less interesting than the others.

The pick up point will be in Monterosso and we will drive back through the picturesque countryside with stunning sea views.

Transport – comfortable 7 seater V Class Mercedes minivan with air conditioning and English speaking driver. Train, ferry boat tickets, entrance to the path of love and lunch are extra. Outward and return journey 2 hrs each way.
